

ISO 9001 :2015 CERTIFIED

The Civil Aviation Authority of Fiji (CAAF) is the national aviation regulatory authority. CAAF is responsible for the oversight of aviation safety and security on behalf of the Government of Fiji as part of the States' responsibility to the Convention on International Civil Aviation.

VACANCY NO 05/2024

FLIGHT OPERATIONS INSPECTOR – INTERNATIONAL

Are you a dynamic and passionate technical expert with a flair for building strong internal and external relationships? Do you thrive in a fast-paced, diverse, and collaborative environment? If so, we have the perfect opportunity for you! Join Our Team as a **Flight Operations Inspector - International !**

This role will be based at CAAF HQ, Nadi.

The role involves the conduct of compliance audits and inspections, evaluation and improvements to risk management and operations controls, and maintaining governance processes within the Flight Operations Section and Air Safety Department. In addition, the role assesses approvals for international flight operations to Fiji.

The role reports to the Senior Flight Operations Inspector – International (SFOI-I) and will be responsible for fulfilling the following critical outcomes:

- Flight Operations & Standards
- Efficient and Reliant Audit Functions
- Risk Management Control
- Well- informed Management & Staff
- Fully Compliant Flight Operations
- Teamwork and Cooperation
- CAAF Image, Values and Standards

The applicant must possess the following:

1. Must hold or have held:

- Airline Pilot Transport Licence (ATPL)
- Multi Engine Command and Instrument Rating
- Boeing aircraft Check and Training Captain experience
- 2 years or more of regulatory experience or 5 years or more of industry experience
- Good understanding of Audit procedures.
- Knowledge of the Fiji aviation legislation including the Civil Aviation Acts, Air Navigation Regulations (ANRs), CAAF Flight Operations Standards Documents (SDs), ICAO Standards and recommended practices (SARPs), and relevant regulations, publications, rules and procedures
- Level D Full flight simulator Instructor qualifications and experience on aircraft types of assigned operators and training organisations
- Performance Based Navigation (PBN) Systems usage and experience

2. Desirable qualifications and experience

- Boeing 737 Max type rating
- Development of Flight Operations standards and documentation
- Auditor in an airline or regulatory authority
- Knowledge of processes and procedures for issue of Air Operator Certificates (AOCs), Foreign Air Operator Certificates (FAOCs) and Aviation Training Institute/Organisation Certificate (ATIC/ATOC)
- Safety Management Systems (SMS) including human factors

At CAAF we believe in fostering a supportive and inclusive work environment. We offer opportunities for professional development and the chance to contribute to meaningful aviation projects that impact the aviation world. Join us in shaping the future of aviation and making a positive impact with your technical expertise. Your aviation journey starts here!

How to Apply: If this sounds like the opportunity for you, we invite you to apply by **19th April 2024**. A resume (including details of at least 2 recent professional referees), a cover letter highlighting your relevant experience, and any related work samples is to be sent to recruitment@caaf.org.fj. Be sure to include " **Flight Operations Inspector - International**" in the subject line.

Details of the role; outcomes and minimum requirements can be accessed via www.caaf.org.fj under Employment Opportunities. Queries are to be directed to hco@caaf.org.fj

CAAF is an equal opportunity employer and we encourage candidates of all backgrounds to apply.

Apply today and be part of a dynamic and forward-thinking aviation team.

All applications will be treated in the strictest confidence.
