

# Application For The Inclusion/Renewal of An Assistant Flight Instructor Rating In A Pilot's License – Aeroplanes

**PL107A** 

#### **IMPORTANT**

Before completing this form, the notes of page 3 should be read carefully. Completed applications should be sent to the Civil Aviation Authority of Fiji, Private Mail Bag (NAP 0354), Nadi Airport, Fiji, together with the licence. Your attention is drawn to the provisions of the Air Navigation Regulations in respect of documents, records and the personal flying logbook.

# SECTION 4 CERTIFICATE OF TEST FOR AN ASSISTANT FLIGHT INSTRUCTOR RATING ON A PROFESSIONAL PILOT'S LICENCE

I, being a person duly authorised in writing by the Civil Aviation Authority of Fiji to conduct **Assistant Flight Instructor Rating** tests, hereby certify that I have flown in an aeroplane or CAAF approved flight simulator with

at the controls and that the applicant carried out satisfactorily\* and unassisted, under the conditions stated, the manoeuvres and drills against which my signature appears below, together with my name in BLOCK CAPITALS beneath the signature:

\*(See Note 3)

### **SECTION 5 FLYING EXPERIENCE**

I have had the following flying experience as recorded in my personal Pilot's Flying Logbook:

## **5.1 MINIMUM FLYING EXPERIENCE**

The applicant shall hold a CPL or ATPL

Total Pilot in Command (100)

Total Single Engine (30)

Instructor Flight Training Hours (25)

Pilot in Command on Type (10)

| Signed                 | Date                    |

| Certified correct      | Training Manager        |
| Name in BLOCK CAPITALS | License number and type |

#### **GENERAL NOTES**

- 1 'Night' means the hours between 15 minutes after sunset and 15 minutes before sunrise. 'Day or Night' at paragraph 4.2 and paragraph 5.2 permits tests in twilight periods.
- 2 'A circuit' is the flight path around an aerodrome at a specified height which facilitates an aircraft's positioning from a point on the take-off path of a given runway to a point, on the approach path of the same runway, from which a landing can be made.
- 3 'Satisfactorily' means that the applicant is in full control of his aeroplane at all times and that the successful outcome of a manoeuvre is never in doubt. 'Unassisted' means without verbal prompting or physical assistance with the flying controls.
- In the aeroplane 'Simulated engine failure' means with thrust lever set to idle so as to represent a failed engine as nearly as possible. In the flight simulator any approved method for simulating engine failure may be used. The accelerate-stop tests required by this Form should be carried out as follows:
  - In the aeroplane, simulated engine failure should be initiated at a speed which will not hazard the safety of the aircraft.
  - 2. In the flight simulator, simulated engine failure should be initiated at a speed which is close to  $V_1$  but which is sufficiently below to require a decision to stop, eg  $V_1$  -5 or -10 knots.
- 5 Endorsement of the licence will date from the completion these tests. A flight simulator must be specifically authorised before testing boxed items during the Instrument Rating.
- Only persons holding written authorisation from the Civil Aviation Authority of Fiji in respect of the aeroplane and/or simulator type used for this test may sign for the satisfactory completion of any test on this form.
- 7 Certain items of this test may be carried out on an appropriate flight simulator which has been specifically approved for them. Items so approved are enumerated in the relevant flight simulator approval, which also shows the Simulator Code for column 3.
- This issue of CAAF Form **OP 107A** is for use in respect of **Assistant flight Instructor Ratings**. Applications for the supply of this form should be made to the Civil Aviation Authority of Fiji, Private Mail Bag (NAP 0354), Nadi Airport, Fiji, telephone (679) 8923155.
